CURRICULUM VITAE

SURNAME: *USMAN*	**FIRST NAME:** *AZAM*
ADDRESS: *AV. MAO TSÉ TUNG N°437* *CIDADE DE MAPUTO*	**MOBILE CONTACTS:** *(+258 85) 280 5419* *(+258 83) 425 0209*
EMAIL ADDRESS: *azamusman67@gmail.com* *azamusman@proton.me*	**WEBSITE:** MY PORTFOLIO

AGE: *23 YEARS*	**DATE OF BIRTH:** *10 APRIL, 2003*
MARITAL STATUS: *SINGLE*	**PLACE OF BIRTH:** *MAPUTO, MOZAMBIQUE*
NATIONALITY: *MOZAMBICAN*	

Family Members

NAME	RELATIONSHIP	DATE OF BIRTH	PROFESSION
Usman Ismail	Father	14.01.1972	Merchant
Adila Ahmed	Mother	09.01.1978	Homemaker
Mahnoor Usman	Sister	13.02.2001	Financial Analyst Coordinator

Education

DATE	DATE	SCHOOL NAME
2009	2020	Escola da Comunidade Mahometana

DATE	DATE	INSTITUTION NAME	COURSE
2020	-	ISUTC- Instituto Superior de Transportes e Comunicações	Information Technology and Telecommunication Engineering

TECHNICAL EXPERIENCES			
Dates		Institution	Experience
From	To		
2023	2023	ISUTC	Desktop Application for Local Area Network (LAN) Communication: - Development of a client-server application in Java for real-time chat between multiple users on the same local network, without internet dependency; - Use of TCP/IP sockets for connection establishment and message transmission; - Implementation of a data persistence system for chat history, using local storage in structured text files; - Architecture focused on low latency and simplicity for restricted network environments.
2024	2024	ISUTC	Multi-Scale WAN Network Implementation: - Advanced simulation in Cisco Packet Tracer of a network infrastructure covering Mozambican provinces and neighboring countries; - Configuration of routing protocols for inter-regional connectivity; - QoS analysis for critical traffic over long-distance connections.
2024	2024	ISUTC	Database Development: - Creation and management of a relational database with emphasis on data integrity and security; - Implementation of backup policies and access control.

TECHNICAL EXPERIENCES			
Dates		Institution	Experience
From	To		
2025	2025	ISUTC	Data Traffic Monitoring: - Real-time analysis of packet flows in TCP/IP networks; - Identification of anomalies and proposal of performance optimization measures.
2025	2025	ISUTC	Mobile Application for Parking Management: - Cross-platform development with Flutter and Firebase integration (Auth, Firestore); - Version control implementation via GitHub for collaborative team work; - Modular system with: 1. Differentiated manager/visitor authentication; 2. Real-time analytical dashboard; 3. Geolocation of parking spots by category.
2025	2025	ISUTC	Ransomware Simulation for Awareness: - Creation of a controlled environment with demonstrative malware; - Development of a best practices manual for incident response.
2025	2025	ISUTC	Complaints Management System: - Collaborative team development of a platform for logging, routing, and tracking institutional complaints; - Relational database modeling with issue lifecycle and status tracking (pending, in review, resolved); - Implementation of role-based access control and secure authentication workflows.
2025	2026	Pathway Consulting	Full-Stack Development - GetJobs Platform: - End-to-end design and engineering of the GetJobs recruitment portal (Frontend and Backend REST API); - Development of backend endpoints for user management, job postings, application workflows, and secure auth; - Built a modular, responsive frontend UI seamlessly connected to backend services; - Database design and business logic integration for HR consulting operations.
2026	2026	ISUTC	BLink - Collaborative Communication Platform: - Team development of an application focused on fast information sharing and institutional/community networking; - Built an interactive, modular component-based user interface; - Backend integration for real-time state synchronization and efficient data retrieval.

TECHNICAL EXPERIENCES			
Dates		Institution	Experience
From	To		
2026	2026	Personal	LibreDex - Offline Mobile Application (Flutter): - Solo development of an offline-first mobile utility app built with Flutter; - Implemented structured local data storage (SQLite / structured local storage) for zero-latency lookups; - Designed an intuitive UI with dynamic search filters, item indexing, and high-performance data rendering.

Skills

- Knowledge and Experience in Project Management;
- Agile Methodologies (Scrum/Kanban);
- Software Design and Architecture (MVC Patterns, Layered Architecture, and RESTful APIs);
- Critical Analysis and Problem-Solving Skills;
- Ability to Work Under Pressure and in Multicultural Environments;
- Teamwork and Collaborative Engineering;
- Strong knowledge and experience with Microsoft Office (Word, Excel, PowerPoint, Access), including one of the LibreOffice alternatives;
- Communication and Interpersonal Skills; Professional Ethics;
- Use and Knowledge of Different Operating Systems;
- Relational and NoSQL Database Design and Optimization;
- Ability and Flexibility in Knowledge Absorption; High Learning Aptitude;
- Military Status: Regularized;
- Driver's License.

Technical Skills

Programming Languages	Dart, JavaScript, TypeScript, PHP, Java, Python, Go, SQL, HTML5/CSS3
Frameworks	Flutter, React.js, Node.js, Express.js, Angular, Firebase
Tools	Git, GitHub, Postman, Linux, Cisco Packet Tracer, Android Studio, VS Code, Vim/NeoVim, IntelliJ

Languages

	SPEECH	READING	WRITING	COMPREHENSION
Portuguese	Excellent	Excellent	Excellent	Excellent
English	Good	Good	Good	Good
Urdu	Medium	Medium	Medium	Medium
Memni	Medium	Medium	Medium	Medium

Declaration

I CONFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE
